Dear Colonel Knight:

On behalf of MG William Webster, Commander, 3d Infantry Division, I want to personally express my thanks and gratitude for the support received on November 5th from the Florida Highway Patrol during the escort of the remains of Colonel William Wood from the Georgia border to Pensacola Naval Air Station.

Your willingness to assist the Wood family during this very difficult time was remarkable and speaks volumes of your patriotism, professionalism and compassion. Every aspect of the Florida Highway Patrol's involvement was first-class and executed with tremendous respect for Colonel Bill Wood and his family.

Again, please accept my personal thanks on behalf of MG Webster and if there is anything the 3d Infantry Division can do to support the Florida Highway Patrol in the future, please don't hesitate to let us know.

Regards,

Glenn L. Burch
